

It's about mission...!

We in the Montana Synod have committed thirty nine and one half percent "off the top" to support churchwide and global ministries.

Besides this proportionate giving, more is shared with ministry partners like Lutheran Campus Ministry, Northern Rockies Institute of Theology, Lutheran Social Services, Luther and Pacific Lutheran Theological Seminaries, Concordia and Pacific Lutheran Universities, Kogodus and Rocky Boy's ministries, and more.

Did you know mission support dollars flow back into our synod to support evangelical mission outreach and stewardship training, new congregations like All Saint's in Big Sky, the redevelopment of existing congregations like Our Saviour's at Rocky Boy's, and more!

Thank you for your individual and congregational support. It's about mission... Here's another example of your mission support dollars at work...

We can celebrate 41 "new start" congregations across the United States in 2010! The Rev. Stephen Bouman, executive director for Evangelical Outreach and Congregational Mission (EOCM), said the 41 new starts are a sign of "hope for our beloved church" in the Easter season. "In the Resurrection of Jesus, all things are possible," he said. Twenty-three of these new starts are among immigrant populations. Check out the story of our own new start, All Saint's at Big Sky on our ELCA website:
