

It's about mission...!

39.5...do you know what that number represents? That's the percentage amount the Montana Synod has committed to give "off the top" to support churchwide and global ministries.

Besides this proportionate giving, more is shared with ministry partners like Lutheran Campus Ministry, Northern Rockies Institute of Theology, Lutheran Social Services, Luther and Pacific Lutheran Theological Seminaries, Concordia and Pacific Lutheran Universities, Kogudus and Rocky Boy's ministries, and more.

Thank you for your individual and congregational support. It's about mission... Here's another example of your mission support dollars at work...

First English in Billings is sharing its rich musical heritage and its gifted musicians with the diverse neighborhood that surrounds the church. Its program "Music for All" provides music lessons free or at reduced cost to young people in elementary and junior high, from the community. The students in turn agree to be part of worship life and leadership, sharing what they learn through choir, accompaniment, and special music. Our ELCA mission support dollars assisted First English in its congregational renewal and evangelism through special grants. First English is using its strengths to reach out in a creative and innovative way. What are your congregation's strengths that could be used for outreach?

It's about mission...

God's work. Our hands.
