

Liberia needs your old LBWs!

The Lutheran Church in Liberia provides a strong witness for the Gospel. The people love to sing! They want to put the **LBW** into every Lutheran church and preaching point throughout the country. They have been using the old **SBH**. Imagine the condition of

those books after thirty years of use in a hot and humid tropical climate!

Rev. Dr. Mark J. Molldrem (First Evangelical Lutheran Church in Beaver Dam, WI) has just returned from West Africa, where he was asked by the Lutheran Church in Liberia to train the pastors in the use of the **LBW**. These pastors will now be able to train the other pastors and deacons and evangelists in the church on how to use this worship resource. They are very excited to get started. All that they need now is more **LBWs**! You can help!
