Western Montana Spiritual Development Council and Montana Organizing Project are co-sponsoring a luncheon for all people of faith, to encourage education and action in support of a Faithful Budget, as our federal and state legislators meet. Critical budget decisions are being made in D.C. that will affect Montana's future, our children, our most vulnerable citizens, and our quality of life for a long time to come.

Join others from Missoula congregations for lunch and an opportunity to express your faith-based values in the budgetary process. This lunchtime conversation will help you understand, reframe, and take action on state and federal budgets. For more information, call 721-5558.
